

PPHA Family Self Sufficiency Program

What is the Family Self Sufficiency Program?

The Department of Housing and Urban Development (HUD) established the Family Self-Sufficiency Program (FSS) in 1990. The purpose of this volunteer program is to help families (with the help of the community services) becoming self-sufficient by attaining established goals.

FSS combines case management, education, job training, and ongoing support to assist families working toward self-sufficiency. In this 5-year program, families can establish an escrow account. **For more details about the Escrow Account, please contact Antoinette Mason, 216-661-2015.**

WHO CAN BE A PARTICIPANT?

A participant of the Housing Choice Voucher Program (Section 8) or Project Based Voucher Program, head of household, 18 years or older and is:

- Interested in making a new life for themselves and their families.
- Willing to commit to a plan and accept the challenge of making their lives better.
- Determined to free themselves from all government assistance.

REQUIREMENTS

The head-of-household must sign a contract of participation. The heads of household must agree to seek employment (or train for and then seek employment) to qualify for graduation. Workshops must be attended and referral appointments kept, which will assist FSS participants in gaining more knowledge to make better informed decisions. **YOU MUST BE A HOUSING CHOICE VOUCHER OR PROJECT BASED VOUCHER PROGRAM PARTICIPANT IN ORDER TO ENROLL IN THE PROGRAM.**

We now have Family Self-Sufficiency participants who are earning escrow accounts that vary from \$20 to over \$16,000!

How can the FSS program help improve your life?

- Identify goals
- Identify and remove the barriers which could prevent achievement of goals
- Identify resources and services that are necessary for success
- Develop a plan to outline specific activities and actions needed to achieve goals
- Receive case management services, encouragement, motivation, and moral support to achieve goals

PPHA Family Self Sufficiency Program
